

MALCOLM BAKER
Statement of Outside Activities
July 18, 2018

Harvard Business School's Policy on Conflicts of Interests requires faculty members to disclose all paid and unpaid activities with outside organizations (i.e., organizations not associated with Harvard University or Harvard Business School), sources of incremental compensation paid by Harvard University, and sources of external research funding during the previous three years if they are directly related to a specific work product (e.g., an article, book, case study, speech, or class) that is in the public domain. Although not required by the Policy, some faculty members also provide a comprehensive disclosure statement describing all of their outside activities.
